## Top 10 rooftop bars

■ **Ann Richard**

ANN gives us 10 of her favourite sky-high places to slowly sip a martini and take in the views.

■ **Prague**

THE contained, intimate rooftop bar at the Hotel U Prince in Prague's Old Town overlooks the historic square and surrounding handsome buildings. Early summer evenings up on the roof make a good start for a big night out in Prague.

■ **Shanghai**

WITH a view of Shanghai's futuristic skyline, Sir Elly's Terrace

Bar at the Peninsula Hotel is a pinch-me-am-I-really-here? bar. With its slick timber and orange/red furnishing, it's the epitome of casual sophistication.

■ **Singapore**

TOO many to choose from in this sophisticated city and the Marina Bay Sands has two sky bars that will have you dizzy even before you've taken a sip of anything. However, Lantern at The Fullerton Bay Hotel is still a favourite with locals.

■ **Brisbane**

THE Soleil Pool Bar at Rydges Hotel at

Southbank might not qualify as one of the highest rooftop bars in the world, we admit it's a balcony bar... but with its night-time, glowing poolside ambience, it's a perfect end-of-day pit stop.

■ **Bangkok**

THE SkyBar on top of the Lebua State Tower is the mother of all the rooftop bars in the world and certainly one of the highest. Suspended on a precipice over the humming city, the circular bar propels out into the sky and is illuminated at night to change colour from

fluorescent pink to lime green.

■ **Hanoi**

THIS one is so new we haven't had a chance to try it yet, but it's on our list. The Twilight Sky bar on the roof of the newly opened La Siesta Central Hotel in Hanoi's historic Old Quarter has a 270-degree outlook over the city.

■ **Lucerne**

EVERYWHERE in Switzerland is a view but from the 360 Roof Top Bar in Lucerne you are high above the rooftops with panoramic vistas and the whole of Lucerne at your whim.

■ **Kuala Lumpur**

TALK about on top of the world. SkyBar on level 33 of the Trader's Hotel in this bustling city makes you feel you've arrived. The cosy cabana booths and long blue pool are one thing, but it is the views of the Petronas Twin Towers that steal the show way up there.

■ **Melbourne**

OKAY, we concede it might not be one of the highest or most trendy rooftop bars, and it doesn't even have a bar or barman, but the garden space on top of the Fraser Place Hotel in

the city gives wide views of Melbourne's skyline, and here's the really good bit, guests can take their own tippie.

■ **Hong Kong**

FELIX Bar, on top of the Peninsular hotel, is known by every Hong Kong local. It is small and crowded and has spectacular views through floor-to-ceiling windows of the Victoria Harbour skyline. But it is the men's room that causes all the talk. Behind the urinals, is glass through which you look down on Victoria Harbour as you pee. Lucky fellas...
